Unexpected Rally Stage Mid-Race!

Round 2 of the championship brought plenty of drama, determination, and another huge step forward for Luke in only his second ever race weekend. After a full day of testing, Luke delivered his best qualifying performance to date, securing an impressive P11 on the grid out of 25 entries.

SECOND ROUND
Oulton Park – May 8th & 9th

Race 1 was anything but straightforward. After a strong start, Luke was caught out by a late dive-bomb move from a teammate into the first chicane, costing valuable positions. A couple of laps later, contact from another competitor sent Luke onto the grass at around 70mph, heading directly towards the barrier. Thankfully, he kept his composure, held the car, and managed to regain control before rejoining the race. Despite dropping from 11th all the way back to 21st, Luke fought hard to recover positions and crossed the line in P17 out of 25 cars — a result that could easily have ended in a DNF (did not finish) after such a dramatic moment.

Constantly Improving

Race 2 showed Luke's growing confidence and consistency. Starting P17, he put together a calm and determined drive, working his way through the field to finish P13 overall from the 25-car grid.

A challenging but hugely positive weekend overall, with strong pace, valuable experience gained, and more progress shown every time Luke heads out on track. The future is looking very promising for LJB Motorsport.

Official championship standings after 4 races. An early indication of the value of consistency.
